Were any immigrants found and removed? <input type="checkbox"/> yes <input type="checkbox"/> no					
This question should be answered each time before arriving at the first direct delivery location in the UK!					
Before and also after arriving in the UK if you suspect that someone is hiding in your vehicle contact the local police. Do not drive into the UK after immigrants were removed from your vehicle by the police or any other 3rd party anywhere in Europe, but speak to your planner in order to get further instructions.					
<i>I have received security instructions from my company and understood that I must secure my vehicle and carry out vehicle checks thoroughly after each stop and before entering the UK and record my checks on this UK checklist. I know that I can be fined by the British Authorities if there is someone on my vehicle coming into the UK illegally (up to £2,000 for each clandestine entrant).</i>					
Driver's signature _____
